Spartan's Special Rebate Policy

Spartan's Special Rebate Policy provides a 10% rebate credited to distributor's account for sales to schools and federal, state, and local government agencies.

The following conditions must be met:

1. Distributors must submit rebate requests to rebates@spartanchemical.com.
2. **Monthly stock transfers are required to insure product is available for rebate at branches or transfer points.**

All accounts can be submitted on one spreadsheet, but correct Distributor account numbers must be indicated on the spreadsheet for proper processing. If the correct Distributor account number is not supplied the rebate will be rejected. Correct account numbers can be supplied by your Regional Manager, or Customer Service.

Rebates should be filed on a monthly basis. Delay in filing can result in reduced rebate amounts due to insufficient availability of product. Rebates must be filed no later than 90 days after date of sale in order to be processed.

3. Credit will be issued only on **full case quantities** of product. **Promotional items do not** qualify for rebate. Anything that is not a full case will not be processed.
4. At distributor's request when placing the order, the rebate will automatically be processed on **orders drop-shipped** to the account.
5. Rebates **cannot be issued** against the following invoices:
 - a. Special fifty-five 55-gallon drum pricing
 - b. Fill-in orders
 - c. GSA orders processed through GSA Advantage to Spartan
 - d. Special promotions where free goods are earned
 - e. Restroom products purchased under our "altered pricing" mix and Match program of 1000 cases
6. To take advantage of **six months' price protection from date of bid award** in the event of a price increase, copy of actual bid award **must be on file** with Spartan.
7. To obtain the correct rebate submission form, please send a request to rebates@spartanchemical.com.
8. All rebates are subject to Regional Manager approval.
9. Spartan does not allow auto-deductions for rebates. All submitted accounts are subject to approval and verification of qualification before credits will be issued.
