

SPARTAN CHEMICAL COMPANY PLANNED DISINFECTION TRANSITION

On February 16, 2024, Spartan Chemical will discontinue sale for twelve of its disinfectants and replace them with seven new products. Please refer to the table below to identify the Spartan product(s) that you are currently buying and update your order with your local distributor. To make it simple, the new Spartan products will be offered in the same size container and dilution ratio and are equivalent in efficacy and contact time.
