

Spartan Chemical Company, Inc.

Letter of Guarantee HIGH PERFORMANCE ALKALINE FP

Spartan Chemical Company, Inc., as the manufacturer of High Performance Alkaline FP, guarantees that this product is safe and suitable for use in food processing plants, including federally inspected facilities, when used as directed on the product labeling and as directed below in this letter. When used in this manner this product will not adulterate food product or create unsanitary conditions.

When used as directed as a Clean-In Place (CIP)/ Soaking or Boil Out cleaner, this product will remove difficult soils from food processing equipment. High Performance Alkaline FP should not be used on aluminum or other soft metal surfaces.

When requested by the Canadian Food Inspection Agency (CFIA), Spartan Chemical Company, Inc., will provide all supporting documents to demonstrate that the product is safe and/or suitable for use as intended.

High Performance Alkaline FP Complies with the Following USA Requirements:

- Complies with the Federal Food, Drug and Cosmetic Act.
- Conforms to Food Safety and Inspection Service (FSIS)'s "Sanitation Performance Standards Compliance Guide".
- Meets the profile of USDA's former "A8" "Degreaser or carbon remover for food cooking or smoking equipment, utensils or other associated surfaces".

Before using High Performance Alkaline FP, food products and packaging materials must be removed from the area or carefully protected.

Directions for use:

Dilute High Performance Alkaline FP 1:64 (15 ml/l of water) to 1:20 (45 ml/l of water). Circulate through the system. Consult facility SSOP for circulation duration and any additional use information. Rinse thoroughly with potable water.

Carefully read and follow all statements on the labeling and Safety Data Sheet while using this product.
