

Spartan Chemical Company, Inc.

Letter of Guarantee: **SPARCLEAN RINSE AID II [61]**

Spartan Chemical Company, Inc., as the manufacturer of SparClean Rinse Aid II [61], guarantees that this product is safe and suitable for use in food processing plants, including federally inspected facilities, when used as directed on the product labeling and as directed below in this letter. When used in this manner this product will not adulterate food product or create unsanitary conditions.

SparClean Rinse Aid II [61] is specially formulated to ensure superior sheeting and drying of dishware in dishwash machines. When requested by the Canadian Food Inspection Agency (CFIA), Spartan Chemical Company, Inc. will provide all supporting documents to demonstrate that this product is safe and/or suitable for use as intended.

SparClean Rinse Aid II [61] Complies with the Following USA Requirements:

- Complies with the Federal Food, Drug and Cosmetic Act.
- Components comply with the following Federal (USA) Regulations:
- 40 CFR 180.940 (a) & (c) Tolerance Exceptions for Active and Inert Ingredients
- 21 CFR 184.1061 Direct food substance affirmed as GRAS
- 21 CFR 186.1797 Indirect food substance affirmed as GRAS
- 21 CFR 74.101 Listing of color additives subject to certification

Directions for use:

1. Set the dispenser according to the manufacturer's instructions to dispense SparClean Rinse Aid II during the rinse cycle.
2. Dose SparClean Rinse Aid II at 3 – 6 ml per rack of dishes.
 - a. Run several test racks to check for proper sheeting and drying of dishes. If sheeting and drying is not sufficient, increase dosage by 1 ml per rack until sufficient sheeting action is achieved.
 - b. For hard water situations an increased dosage of SparClean Rinse Aid II may be required.
 - c. Overdosing of SparClean Rinse Aid II can lead to decreased sprayer arm efficiency which can lead to poor results and is not recommended.

When using SparClean Rinse Aid II in a low temperature machine ensure that an acceptable chemical sanitizing agent is also utilized. When using SparClean Rinse Aid II in a high temperature machine, ensure that a minimum rinse water temperature of 82° C is maintained.

Carefully read and follow all statements on the labeling and Safety Data Sheet while using this product.
