Letter of Continuing Guaranty: EGGS SO CLEAN EGG WASHING COMPOUND

Spartan Chemical Company, Inc., as the manufacturer of “Eggs So Clean Egg Washing Compound”, guarantees that this product is safe and effective for use in food processing plants, and will have no adverse effects on shell eggs when used as directed on the product labeling and this letter. When used in this manner this product will not adulterate food product or create unsanitary conditions.

“Eggs So Clean Egg Washing Compound” is a high dilution/ low foam formulation designed to serve as a shell egg cleaner.

Eggs So Clean Egg Washing Compound:

- Complies with the Federal Food, Drug and Cosmetic Act.
- Conforms to Food Safety and Inspection Service (FSIS)’s “**Sanitation Performance Standards Compliance Guide**”
- Is formulated with substances either considered GRAS or regulated for food associated use.
- Meets the profile of USDA’s former “Q 1” “Shell Egg Cleaning Compounds”
- The recommended use-dilution for this product is 0.5 oz. per gallon of water (1:256)

Shell eggs may not be allowed to stand or soak in water. Immersion type washers are not permitted. Washed shell eggs must be spray rinsed with warm potable water containing an accepted sanitizer. Carefully read and follow all statements on the labeling and Safety Data Sheet while using this product.
