

Spartan Chemical Company, Inc.

## Letter of Continuing Guaranty: **FOOD GRADE MACHINERY LUBRICANT**

Spartan Chemical Company, Inc., guarantees that **Food Grade Machinery Lubricant** is safe and effective for use in food processing plants and will have no adverse effects on shell eggs when used as directed on the product labeling and this letter. When used in this manner this product will not adulterate food product or create unsanitary conditions.

### **Food Grade Machinery Lubricant**

Is an aerosol lubricant designed for use on food processing equipment where there is a possibility of incidental food contact.

### **Food Grade Machinery Lubricant:**

- The Federal Food Drug and Cosmetic Act.
- Is formulated to conform with the following Federal Regulations:
  - 21 CFR 178.3570, "Lubricants with Incidental Food Contact"
  - 21 CFR 184.1655 and
  - 21 CFR 184.1165,
- Meets the profile of USDA's former "H 1" Lubricants with incidental contact.

These compounds may be used as a lubricant with incidental food contact for use in official establishments operating under the Federal meat and poultry products inspection program. Such compounds may be used on food processing equipment as a protective anti-rust film, as a release agent on gaskets or seals of tank closures, and as a lubricant for machine parts and equipment in locations in which there is potential exposure of the lubricated part to food. The amount used should be the minimum required to accomplish the desired technical effect on the equipment. If used as an anti-rust film, the compounds must be removed from the equipment surface by washing or wiping, as required to leave the surface effectively free of any substance which could be transferred to food by being processed. Carefully read and follow all statements on the labeling and Safety Data Sheet while using this product.
