

Spartan Chemical Company, Inc.

Letter of Continuing Guaranty: PSQ II

Spartan Chemical Company, Inc., as the manufacturer of PSQ II, guarantees that this product is safe and effective for use in food processing plants, including USDA inspected facilities, when used as directed on the product labeling and as directed in this letter. When used in this manner this product will not adulterate food product or create unsanitary conditions.

PSQ II is a quaternary ammonium chloride disinfectant cleaner. PSQ II is suitable for use on floors, walls, and many other environmental surfaces in inedible product processing areas, non-processing areas, and/or exterior areas. PSQ II can be used in drain lines of restaurants and kitchens to control drain flies.

PSQ II:

- Complies with the Federal Food, Drug and Cosmetic Act.
- Is registered with the US EPA as Reg. No. 10324-93-5741.
- Conforms to Food Safety and Inspection Service (FSIS)'s "**Sanitation Performance Standards Compliance Guide**"
- Meets the profile of USDA's former "C1" rating: "Compounds for use on all surfaces in inedible product processing areas, non-processing areas, and/or exterior areas".
- Can be used in drain lines of restaurants and kitchens to control drain flies.

PSQ II must be used in a manner that its fragrance does not penetrate food processing areas, possibly covering up poor sanitation. Permission for the use of this compound on loading docks and other similar areas is left to the discretion of the inspector in charge of the establishment. Carefully read and follow all statements on the labeling and Safety Data Sheet while using this product.
