

# Correct Clean™

**Safe • Secure • Sanitary**

Correct Clean is a comprehensive program specifically designed to help local jails and state prisons efficiently and safely stay clean while keeping costs to a minimum. Simple and effective product formulations target your housekeeping, laundry, floor care and kitchen needs. A state-of-the-art custodial maintenance management solution will streamline job assignment and quality reports. And customizable training tools ensure you stay compliant with ACA, Joint Commission and your state/local standards.

Providing Quality Maintenance and Chemical Specialty Solutions with Unparalleled Customer Service

# Program Tools

## CleanCheck® Training System

A simple yet effective training system to help you with all your daily cleaning needs, including hard floor care, shower/restroom cleaning, administrative/office, and OSHA HazCom.

- DVD-based video instructions
- Web access available
- Simple, step-by-step quick reference cards
- Train the trainer manuals
- Tests and certificates available

## Certified Training Program

Spartan takes a proactive approach to training and certifying your staff with our Training Certification Program.

- Customize maintenance procedures to your facility's specific needs
- Incorporate training requirements to increase safety and minimize liability
- Train, test, and certify staff or inmates

## Product Application and Training Aids

Spartan offers a variety of materials for every product. These can be customized to fit your facility and needs.

- Color and number-coded products to differentiate products to make training easier
- Procedure charts
- Custom Safety Data Sheet books
- Silk-screened quart spray bottles
- Secondary and ready-to-use solution labels for buddy jugs

## Management Software

CompuClean® custodial management software from Spartan Chemical provides a suite of tools that streamline the process of managing your cleaning resources and generating concise documentation.

- Create standardized cleaning processes customizable to your correctional facility
- Perform quality inspections to track cleaning performance and identify training issues
- Document repairs and maintenance to equipment and track the associated costs
- Track chemical and supply usage with Inventory Management
- Create customized procedure cards for improved cleaning results

# Housekeeping Products

Clean for Health—Be confident that your facility will be sanitary, safe and secure. Spartan offers hospital grade disinfectants and a selection of environmentally preferable, bio-based cleaners.

Concentrated cleaners and Spartan's extremely durable floor products help control today's tight budgets.

The housekeeping products listed in this literature comply with ACA (American Correctional Association) standards. They are rated at **1-0-0** (HMIS/NFPA) in concentrate or at-use dilution.

Reflective Surfaces

## BioRenewables® Glass Cleaner

BioRenewables Glass Cleaner is a biobased product designed to clean mirrors, glass, and plexiglass surfaces. For use on window glass, panes and sills, mirrors, countertops, chrome, automobile glass, fluorescent lights and tubing, and any other glass or mirror finish. BioRenewables Glass Cleaner removes tough soils such as grease, smoke, oils, tape residue, food stains, dust, and dirt.

## Disinfecting

### hdqC<sup>®</sup> 2

hdqC 2 is a neutral pH, quaternary disinfectant cleaner formulated to kill a broad spectrum of microorganisms on high gloss floors, and other hard, nonporous surfaces. It disinfects without damaging or dulling floor finish even with repeated use. hdqC 2 deodorizes hard-to-keep-fresh-smelling areas such as garbage storage areas, toilet bowls, and other areas which are prone to odors caused by microorganisms.

**pH 6.0–7.0**

470202

2-liter x 4

### HDQ Neutral<sup>®</sup>

Cost effective, one-step 1:128 dilution, neutral pH, quat for cleaning and disinfecting all hard environmental surfaces. 400 ppm hard water claims in the presence of 5% blood serum. Destroys antibiotic-resistant bacteria including MRSA and tough viruses. For health care and other institutional and commercial applications. Effective against HBV, the HIV Virus, and HCV (Hepatitis C Virus).

This product meets Green Seal™ Standard GS-40 based on effective performance and protective limits on VOCs and human & environmental toxicity. GreenSeal.org.

# Laundry Products

Builder/Break

## Clothesline Fresh® Laundry Break 1

Clothesline Fresh Laundry Break is a concentrated laundry builder that prepares the fabric for the washing process by raising the pH of the wash water. Raising the pH of the wash water accelerates the washing process by allowing individual fibers of a fabric to open up and begin releasing entrapped soil particles. Clothesline Fresh Laundry Break is a highly alkaline product that contains biodegradable water softening agents to aid in the washing process as well as boost detergent performance.

**pH 14.0**

55 gal	15 gal	5 gal	1 gal x 4

Detergents with Builder/Break

## Clothesline Fresh® BLD 2

Clothesline Fresh BLD combines a laundry builder with a detergent to increase pH and remove soil all in one step! The elevated pH of Clothesline Fresh BLD speeds up soil removal during washing by allowing the individual fibers of a fabric to open up which expedites entrapped soil release. Clothesline Fresh BLD is a highly alkaline product that also contains water softening and soil anti-redeposition agents to aid in the washing process.

**pH 13.5–14.0**

330 gal	55 gal	30 gal	15 gal	5 gal	1 gal x 4

## Clothesline Fresh® No Dye-No Fragrance BLD 12

Clothesline Fresh No Dye-No Fragrance BLD is enhanced by patented polymeric technology. This technology quickly suspends tough oily soils and particulate soils to prevent them from redepositing back onto the fabric. Clothesline Fresh No Dye - No Fragrance BLD does not contain phosphates or nonylphenol ethoxylates, both of which can have a negative environmental impact. Clothesline Fresh No Dye - No Fragrance BLD contains readily biodegradable water softeners and biodegradable surfactants that are more environmentally friendly than traditional ingredients.

**pH 13.5–14.0**

701255	701215	701205
55 gal	15 gal	5 gal

## Clothesline Fresh® Laundry Detergent 3

Clothesline Fresh Laundry Detergent is a contemporary approach to laundry. Clothesline Fresh Laundry Detergent can be used with a complete laundry program or on its own. This product was formulated to contain new advances in chemical surfactants and cleaning technology to provide a deep cleaning formula. Clothesline Fresh Laundry Detergent is enhanced by patented polymeric technology. This technology quickly suspends tough oily and particulate soils to prevent them from redepositing back onto the fabric.

**pH 8.0–9.0**

Specialty Detergents

## Clothesline Fresh® Xtreme Hard Water Alkaline Detergent 10

Clothesline Fresh Xtreme Hard Water Alkaline Detergent is specifically formulated to tackle extreme hard water conditions and extreme soil load levels. Use Clothesline Fresh Xtreme Hard Water Alkaline Detergent to tackle the toughest stains in the harshest environments. Xtreme Hard Water Alkaline Detergent in an extremely concentrated formula that contains: 20% more detergency, 150% more water softening and chelating ability, and over 80% more alkalinity when compared to original Clothesline Fresh BLD.

pH 14

701055	701015	701005
55 gal	15 gal	5 gal

## Clothesline Fresh® Enzyme Laundry Detergent 11

Clothesline Fresh Enzyme Laundry Detergent is fortified with enzymes and optical brighteners to quickly digest and wash away stubborn stains and soils, while leaving the fabric cleaner and brighter than ever before. The concentrated blend of enzymes found in Clothesline Fresh Enzyme Laundry Detergent gives you the ability to wash at lower water temperatures and with fewer chemicals while showing an increase in stain removal, whiteness, and soil anti-redeposition. The proprietary blend of enzymes in Clothesline Fresh Enzyme Laundry Detergent allows for the quick removal of many types of stains particularly protein and starch-based stains. Examples of protein stains are blood, egg, grass, dairy products, and bodily fluids. Examples of starch based stains include pasta and fruit stains, sauces, baseball and tennis court red clay.

Laundry Sours / Fabric Softeners

## Clothesline Fresh® Fabric Softener 6

Clothesline Fresh Fabric Softener is a liquid fabric softener designed to soften and eliminate static cling from laundered fabrics. Clothesline Fresh Fabric Softener reduces the rigidity of fabrics which reduces fiber damage and can prolong fabric life as well as aid in the ironing process by reducing wrinkles. Clothesline Fresh Fabric Softener contains anti-static agents which help to prevent static charge build-up allowing washed fabrics to have a smooth, fluffy feel right out of the dryer. Clothesline Fresh Fabric Softener also leaves laundered fabrics smelling clean and fresh.

pH 5.0–6.0

700655	700615	700605	700604

Drain Maintenance

General Kitchen Maintenance

## Consume® LIQ

Liquid wastewater treatment naturally digests organic soils (sugars, carbohydrates, proteins, and fats) in drains, grease interceptors, septic tanks, lift stations, and wastewater systems. It maximizes efficiency of grease interceptors and septic tanks to minimize operating costs. Routine application of Consume LIQ reduces BODs (Biochemical Oxygen Demand), FOGs (Fats, Oils, Greases), and TSSs (Total Suspended Solids). Additionally, it can reduce the volume of sludge and costs associated with disposal.

## SparClean® Sure Step 59

Grease is inescapable in a kitchen environment, especially in and around grills and fryers. Over time, this grease builds-up in kitchen tile and grout, creating a slippery, safety hazard. SparClean Sure Step is a no-rinse, enzyme floor cleaner that breaks down built-up grease, improving slip resistance. With the ability to remove even the toughest food-based fats, oils, and greases, the SparClean Sure Step enzymatic action continues to work even when the floor is dry! When used regularly, SparClean Sure Step restores traction to even the greasiest of floors.
