Polishing Program

CONCRETE STONE TERRAZZO

Because your
world is busy
enough.

Concrete flooring solutions are becoming increasingly popular in commercial buildings due to reduced maintenance requirements and a trendy, modern finish. While concrete flooring offers opportunities to reduce chemical costs associated with maintenance, they do require routine care and considerably more labor in order to keep the building image at its best. Spartan's concrete polishing program provides building service contractors and in-house operations with the tools and procedures to get the job done right every time.

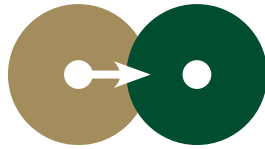

ROUTINE

The key to keeping concrete flooring looking great is a simple, routine maintenance program. Daily cleaning and regular polishing will help to extend time between resealing.

- **Damp Mop**
- **Flōw™**
- **Industrial Pathmaker®**
- **Lustre Stone Care Restorative Cleaner**

RESTORATIVE

Adding a restorative cleaner to your routine maintenance program, will not only reduce cost, it will also provide enhanced stain protection and improve floor hardness.

- **Lustre Stone Care Restorative Cleaner**

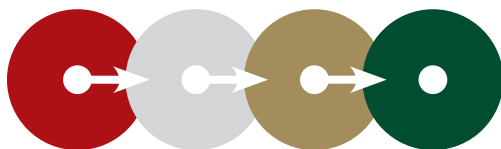

400 grit HD 800 grit 1800 grit 3000 grit

STAIN REMOVAL

Address existing stains with a biodegradable solvent and a system of polishing pads and chemical action.

- **TREE-Z™**
- **Orange Tough® 40**
- **Tough 90®**
- **Lustre Stone Care Restorative Cleaner**

Concrete Care Products

EnduraSTRIP™ #0067

EnduraSTRIP is a powerful water-based compound for quickly and efficiently removing sealants on concrete floors in one application saving hours of labor.

pH: 13.3 – 14.0 • **Dilution:** 10 – 16 oz/gal

Available sizes (in gallons): 1, 5, 15, 30, 55, 275, 330

On Base® #5555

On Base provides a tough, durable protective seal on stone or concrete flooring that resists water marks and scuffs and prevents damage from scratches to the flooring.

pH: 8.0 – 8.5 • **Dilution:** Ready-to-use

Available sizes (in gallons): 1, 5, 15, 30, 55, 330

Flōw™ #0043

Flow is a low-foam daily cleaner designed for cleaning floors. With a neutral pH, Flow is safe to use as part of a routine maintenance program, even on polished concrete.

pH: 6.0 – 7.0 • **Dilution:** 0.5 – 6 oz/gal

Available sizes (in gallons): 1, 5, 15, 55, 275

Orange Tough® 40 #2240

Orange Tough 40, is an all-purpose degreaser with d-limonene. The formula provides the extra strength for quick penetrating, dissolving and removal of oily and greasy soils.

pH: 8.5 – 9.5 • **Dilution:** 6 – 64 oz/gal

Available sizes (in gallons): 1, 5, 55

TREE-Z™ #3171

TREE-Z is a ready-to-use bio-based solvent, which is naturally derived from agricultural ingredients. This efficient solvent blend efficiently removes tough stains on concrete.

pH: N/A • **Dilution:** Ready-to-use

Available sizes: 1 qt

Terra Glaze® #5810

Terra Glaze is an acrylic polymer seal that conditions, seals, and protects natural concrete. The hard, tough seal combats stains and damage due to abrasion, scratching, scuffing, and wear.

pH: 8.0 – 8.5 • **Dilution:** Ready-to-use

Available sizes (in gallons): 1, 5, 15, 30, 55, 330

Industrial Pathmaker® #0087

Industrial Pathmaker features a low-foam industrial strength formulation that can be used as a top scrub solution or restorative cleaner for heavy soils on stone, terrazzo, and concrete flooring.

pH: 11.0 – 12.0 • **Dilution:** 1 – 8 oz/gal

Available sizes (in gallons): 1, 5, 15, 30, 55, 275, 330

Tough 90® #2267

Tough 90 is a solvent degreaser that quickly cuts through tar, rubber burns, and adhesives, making it perfect for use in floor restoration/renovation projects.

pH: N/A • **Dilution:** Ready-to-use

Available sizes (in gallons): 5, 55

Lustre Stone Care Restorative Cleaner #5814

Lustre Stone Care Restorative Cleaner strengthens the floor as it cleans. Featuring unique nanoglass technology, Restorative Cleaner fortifies hardness as you clean to protect against wear and heavy traffic.

pH: 8.5 – 9.5 • **Dilution:** 2 oz/gal

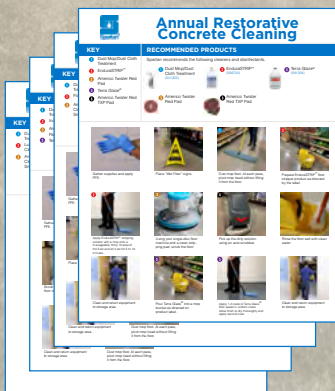

Available sizes (in gallons): 1, 5
