

# Golden-Glo

## liquid dishwashing concentrate

Specially formulated to remove grease, baked-on food and food stains from pots and pans, yet remained mild and gentle to hands. Golden-Glo is an excellent grease cutter. It rinses free and leaves no streaks or film. The lotionized formulation and neutral pH make it gentle to hands without diminishing its heavy duty cleaning activity. Highly concentrated, use only 1/4 oz. Golden-Glo to one gallon of water. Golden-Glo's high soil load capacity and excellent suds retention provide maximum economy.

Providing Quality Maintenance and Chemical Specialty Solutions with Unparalleled Customer Service

## PRODUCT FEATURES

Golden-Glo is the liquid detergent concentrate that has been formulated to quickly clean dishes, glasses, and pots and pans yet is gentle to the hands.

Golden-Glo has been used for washing automobiles, damp mopping waxed floors, and cleaning windows and mirrors without any damage whatsoever to materials cleaned. Golden-Glo has a pH of 7.0 to 8.0, is thick in viscosity, and pink in color.

Unlike powders, Golden-Glo has no fillers or abrasives to harm aluminum pots and pans. Spartan has a metering device available for use with Golden-Glo that controls dispensing when used for dishes, pots and pans, and other surfaces in and around the kitchen.

Golden-Glo is designed to cut heavy cooking grease, fish oils, and smoke and will not form a grease film on the water surface or around the sink edge. Golden-Glo will keep food, greases and oils in suspension, yet is gentle to the hands. It also is Kosher and Pareve for Passover and the year round.

## DIRECTIONS FOR USE

There are a number of ways to use Golden-Glo. It can be pumped out of a gallon container directly into the sink. A gallon container can be placed in a gallon bottle rack above the soap sink and pumped from the gallon jug to the sink. Golden-Glo can be pumped from a 5-gallon pail to a quart bottle, or a Dema Proportioner can be installed on the sink faucet for accurate dispensing control. For more information on Dema Proportioner, see the bulletin titled "Dema Proportioner."

**Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting [www.spartanchemical.com](http://www.spartanchemical.com).**
