

Clean Xpress Alcohol Gel

instant skin sanitizer

Alcohol Gel is a portable antiseptic hand rub. An ethyl alcohol based formula, Alcohol Gel is designed to instantly sanitize hands without water or towels. The product is a clear, thick liquid gel and contains a pleasant, light citrus fragrance.

Doctors, nurses, dentists, dental hygienists, emergency medical service personnel and other people whose job responsibilities require physical contact with others often do not have immediate or convenient access to soap and water.

Providing Quality Maintenance and Chemical Specialty Solutions with Unparalleled Customer Service

Spartan Chemical Company, Inc.

PRODUCT FEATURES

99.98% INSTANT GERM KILL

Alcohol Gel contains 60% ethyl alcohol. Just a few drops spread over hands instantly kills germs and bacteria on contact. Helps reduce the number of bacteria on the skin that can potentially cause disease.

ENCOURAGES FREQUENT USE

Frequent hand washing is the best insurance to prevent nosocomial infections. Mild, non-irritating, non-drying, Alcohol Gel contains skin conditioning emollients to prevent skin irritation and chapping. Alcohol Gel evaporates instantly and leaves no sticky residue. Leaves hands sanitized, smooth, refreshed and conditioned.
