

# Contempo<sup>®</sup> Deluxe Spotting Kit

## SPECIALIZED SPOTTING SOLUTIONS

### **PRODUCT DESCRIPTION:**

The Contempo Deluxe Spotting Kit addresses the most common spotting obstacles confronted when cleaning carpet. All inclusive, and contained in a travel easy case, the deluxe kit contains the tools necessary to tackle tough spotting problems.

### **SPECIALIZED SPOTTING SOLUTIONS:**

*Coffee & Tea; Paint, Oil, Grease, Tar & Ink; Red Dye; Rust; Pet & Foul Odor; and Protein Solution* are all included. Accessory items designed to work on the spot are; Stain removal guide for easy “how to” and “what spotter” to use reference, tamping brush, scraper, sponge and towel.

### **SPOT VS. STAIN PHILOSOPHY:**

Quick and timely action with superior spotting agents are the best defense for spot removal and stain prevention, as stains are merely spots that have been left untreated.

### **COFFEE & TEA SOLUTION:**

Quickly loosens and removes stubborn coffee and tea type stains. Colorless liquid, with a fresh mint fragrance.

**DIRECTIONS FOR USE:** Apply with sprayer or sponge to soiled area of carpet or upholstery. Agitate with tamping brush. Let sit for 2 minutes. Extract or rinse with clear water. Repeat if needed. May be used as a pre-spray, spotter or in a steam release method.

### **PAINT, OIL, GREASE, TAR & INK SOLUTION:**

Removes paint, oil, grease, tar and ink from carpets by dissolving and holding in suspension until soil is flushed out with water. Slightly yellow with very little odor.

**DIRECTIONS FOR USE:** Apply with sprayer or sponge, do not over-saturate. Allow solution to sit for 5 minutes before removing. Use a tamping brush to agitate solution. Flush, rinse with water or extract.

### **RED DYE SOLUTION:**

A dye remover that attacks food dye spots that cannot be removed with conventional cleaners. Treat grape juice, wine spots, cola and caramel color spots with Red Dye Solution. A colorless liquid with a fresh fragrance.

**DIRECTIONS FOR USE:**

**Some individuals may be sensitive to ingredients in this product. Before using, read product label and MSD sheet. Wet floors may be slippery. Prevent pedestrian traffic with signs or barricades.**

Read product label directions thoroughly. Directions must be followed exactly to avoid unwanted color loss or damage. Only use if other spotting solutions have been tried unsuccessfully. Before you begin, have the following items ready to use: Contempo Red Dye Solution, a steam iron and thin white cotton towels or good quality paper towels.

1. Apply Contempo Red Dye Solution liberally onto the spot. Work into spot with brush.
2. Place a wet towel (cotton or paper) over the spot.
3. Fill steam iron with water. Preheat to high or a hot cotton setting.
4. Place steam iron on towel, apply steam over spot for approximately 20 seconds. Shift and rotate towel each time iron is applied. Be sure to use a clean section of the towel. Keep towel wet with water and the spot wet with Contempo Red Dye Solution. After 3 or 4 applications water and product will need to be reapplied.
5. Once spot is removed, rinse and extract.

**RUST SOLUTION:**

Rust spots disappear in seconds! This fast, effective, opaque gel penetrates the spot, not the carpet backing! Safe for most fabrics.

**DIRECTIONS FOR USE:** Shake solution well. Apply to rust spot, allow solution to sit on the spot until it disappears. Flush with an extractor or sponge and water.

**PET & FOUL ODOR SOLUTION:**

General Deodorizing capabilities without heavy chemical odor. Works well on stubborn urine odor, water and fire damage odors, mold and mildew odors. Fresh, clean fragrance and neutral pH, no flash point.

**DIRECTIONS FOR USE: Always use a non-atomizing sprayer/tip for application.**

**Hard Surface, General Spraying:** Mix 8 ounces per gallon of water.

**Carpet Prespray, Truckmount Slurry and Clean Water Restoration:** Mix 16 ounces per gallon of water, apply, wait 10 minutes and extract.

**Water and Fire Damage & Unsanitary Water Restoration:** Mix 32 ounces per gallon of water, apply, wait 10 minutes and extract.

**Portable Extractors:** Add 1 to 2 ounces to solution tank.

**PROTEIN SOLUTION:**

Specifically designed for greasy protein stains, body oils, food residues, milk, grass and blood stains. Particularly useful, in and around, kitchen areas, high traffic lanes and upholstery. A unique combination of powder detergents, emulsifiers and enzymes. Pleasant lemon fragrance.

**DIRECTIONS FOR USE:** Mix 2 to 4 oz. with a gallon of warm water, apply and let stand for 20 minutes. Extract. Optimum performance is achieved at 140°F. Must be used according to directions to be effective.

**SPECIFICATION DATA:**

See individual spotting solution MSD sheet for further product information.

**PACKAGING:**

The Contempo Deluxe Spotting Kit is self contained in a sturdy hard plastic type tackle-box. All six spotting solutions are packaged in 16 oz plastic bottles. Spotting Solutions Refills for the Contempo Deluxe Spotting Kit are available by the single item, twelve 16 oz. bottles per case.
