

NABC PLUS IV[®]

Natural Acid Bowl and Porcelain Cleaner

PRODUCT DESCRIPTION:

NABC Plus IV is a ready to use natural acid bathroom cleaner. The product is light blue in color and viscous. NABC Plus IV was developed in response to user requests for a product similar to NABC Non-Acid Disinfectant Bathroom Cleaner from a fragrance standpoint...with a little more aggressive cleaning performance to remove water spots, light rust and soap scum from bathroom surfaces. The exclusive, unique NABC fragrance combined with a special odor-eliminating component leaves restrooms smelling "just cleaned" and floral fresh.

ENVIRONMENTALLY FRIENDLY:

Four percent natural, organic citric acid and biodegradable surfactants are the mainstays of the NABC Plus IV Natural Acid Bowl and Porcelain Cleaner formula. Phosphate free. NABC Plus IV is the natural solution to tougher restroom cleaning tasks.

EVERYDAY ACID BATHROOM CLEANER:

Thick and clinging, NABC Plus IV, with the extra boost of nature's citric acid, removes light rust, soap scum and water spots from most bathroom surfaces. It's safe to use everyday!

SURFACE SAFE:

Use NABC Plus IV with confidence on a variety of surfaces such as porcelain, stainless steel, chrome, ceramic tile, shower walls, tubs, basins, toilets, urinals, drinking fountains and towel dispensers. Non-staining. NABC Plus IV is light blue and will not discolor plastic, vinyl, grouting and other semi porous surfaces.

DEODORIZES AND FRESHENS AS IT CLEANS:

DIRECTIONS FOR USE:

Some individuals may be sensitive to ingredients in this product. Before use, read product label and MSD sheet. If questions remain, consult your employer or a physician.

Porcelain, Ceramic Tile, Shower Walls, Basins, Fiberglass and Similar Hard, Non-Porous Surfaces:

1. Apply NABC Plus IV Natural Acid Bowl and Porcelain Cleaner evenly onto surface to be cleaned.

2. Agitate lightly with sponge or brush. Extremely heavy soils may require extended contact time.
3. Rinse thoroughly.

Toilet Bowls and Urinals:

1. With swab mop applicator, remove water from bowl by forcing over trap.
2. Press swab mop against side of bowl to remove excessive water from applicator.
3. Apply 1-2 oz. of NABC Plus IV Natural Acid Bowl and Porcelain Cleaner evenly onto surface to be cleaned.
4. Swab entire surface area especially under the rim where water outlets are located.
5. Flush toilet several times and rinse applicator thoroughly.

NOTE: DO NOT USE ON MARBLE. DO NOT USE ON NON-ACID RESISTANT SURFACES. DO NOT MIX WITH BLEACH, AMMONIA OR ANY OTHER CHEMICALS.
