FAST FREEZING ACTION!

Chewing Gum Remover instantly freezes chewing gum, candle wax and sticky spills, such as strawberry jam or other gummy substances. The frozen brittle material can then be broken off or easily removed with a putty knife or scraper, leaving no residue.

WHERE TO USE:

Spartan Chewing Gum Remover removes chewing gum, candle wax and other gummy substances from carpets, upholstery, wood, plastics, vinyl...nearly every surface!

DIRECTIONS FOR USE:

Some individuals may be sensitive to ingredients in this product. Before use, read product label and MSD sheet.

1. Remove as much gum residue as possible with a scraper or dull knife.
2. Point nozzle at 45° angle. Using short, quick bursts, spray until gummy substance is frozen solid.
3. Chip or scrape off frozen matter using a putty knife, dull knife or scraper.

DANGER:

Extremely flammable. Vapor may cause flash fire. May cause frostbite if sprayed in eyes or on skin. Harmful if inhaled. Intentional misuse by deliberately concentrating and inhaling contents can be harmful or fatal. Contents under pressure.

Keep away from heat, sparks and flame. Use only in adequate ventilation. Do not use in a confined area or where there is a possibility of vapor build-up. Do not smoke or light matches while using. Do not use on humans or animals. Avoid contact with eyes, skin and mucus membranes. Avoid breathing product vapors.

STORAGE AND HANDLING:

Do not expose to heat or store at temperatures above 120°F (49°C) as container may burst. Avoid prolonged exposure to sunlight. Do not puncture or incinerate container. Dropping container may cause bursting.

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting www.spartanchemical.com.
